

# CenterSquare's Socially Responsible Investment Collaborations

CenterSquare is committed to advancing ESG ideals globally through participation in industry groups and initiatives. Our collective work with peers promotes data-driven disclosures and the standardization of ESG guidelines and frameworks we believe to be most material to real estate. Together, we share information and thought leadership as it relates to our ESG insights and activities to collectively advocate for the integration of best practices across the real estate industry.

## CenterSquare's Global Affiliations Promoting Industry Alignment Through Engagement and Collaboration:

**Member since  
2016**

GRESB is a mission-driven and industry-led organization that provides actionable and transparent ESG data to financial markets. GRESB collects, validates, scores, and benchmarks ESG data to provide business intelligence, engagement tools and regulatory reporting solutions for investors, asset managers, and the wider industry.

The PRI is the world's leading proponent of responsible investment. It works to understand the investment implications of ESG factors and to support its international network of investor signatories in incorporating these factors into their investment and ownership decisions.

**Supporter since  
2019**

The Task Force on Climate-related Financial Disclosures (TCFD) develops recommendations on the types of information that companies should disclose to support investors, lenders, and insurance underwriters in appropriately assessing and pricing a specific set of risks related to climate change.

**Supporter since  
2019**

The Investor Agenda is a common leadership agenda on the climate crisis that is unifying, comprehensive, and focused on accelerating investor action for a net-zero emissions economy. The Investor Agenda draws on expertise from across the investor landscape to set out clearly joint expectations in four interlocking areas: Corporate Engagement, Investment, Policy Advocacy, and Investor Disclosure.

**Promoting since  
2020**

GRI (Global Reporting Initiative) is the independent, international organization that helps businesses and other organizations take responsibility for their impacts, by providing them with the global common language to communicate those impacts. GRI provides the world's most widely used standards for sustainability reporting – the GRI Standards.

**Promoting since  
2021**

The Science Based Targets initiative (SBTi), a partnership between CDP, the United Nations Global Compact, World Resources Institute (WRI), and the World Wide Fund for Nature (WWF), drives ambitious climate action in the private sector by enabling organizations to set science-based emissions reduction targets. Science-based targets show organizations how much and how quickly they need to reduce their greenhouse gas (GHG) emissions to prevent the worst effects of climate change.

**Member since  
2023**

The Global Real Estate Engagement Network (GREEN) is a collaborative network comprising global institutional investors committed to advancing the real estate industry toward the objectives of the Paris Climate Agreement. Members aim to guide real estate companies in enhancing their sustainability practices and mitigating climate-related risks.
